

#HackersUnited x #childhealthnow

For the urban poor in Cebu,

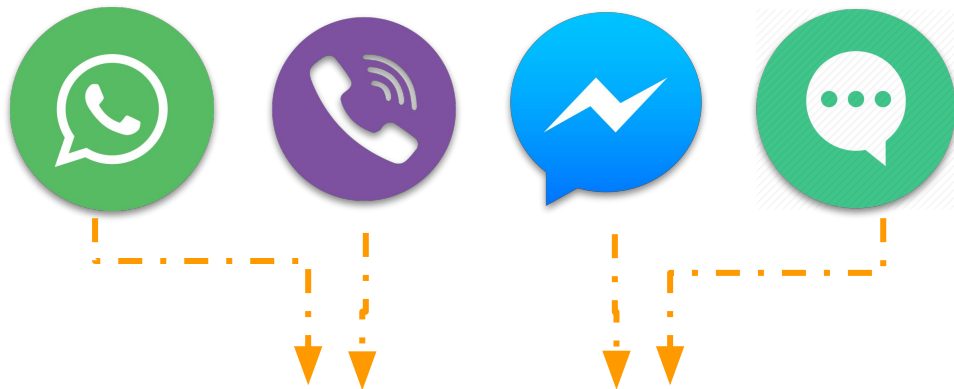

OPPORTUNITY COST
(TIME + MONEY)

is the biggest **barrier** to healthcare.

Drive down **opportunity cost**.

Konsulta is
low-cost remote triage.

My son is sick. He has a fever.
2:02 PM | Today

I'm sorry to hear that. How high is his fever?
2:36 PM | Today

It's 39.9C. He's really burning up!
2:37 PM | Today

Oh no. And I can see that he has a fever since 2 days ago. I think we should go to the doctor. Let me order a Grab for you, and ask someone to meet you at Dr. Poe's office. He'll help take care of you!
2:38 PM | Today

Ok! Can you call me? I ran out of Unli Surf and can only use sms and voice calls. Thank you!

Case Log

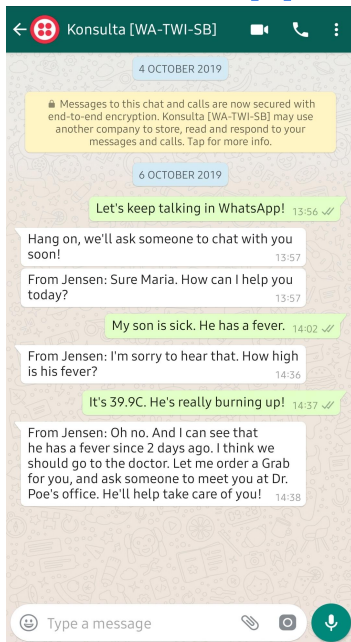

[ID:FB6C21] Medium | Done | Triage
October 4, 2019
Maria's son has a fever. Confirmed with Maria that she has a thermometer, and her son has a mild fever of 37.7C. Told her to take paracetamol and check in with us again.

[ID:76CEA9] Low | Done | Query
October 2, 2019
Maria wanted to ask about trusted brands of medicine for the common cold. Educated patient on generic drugs and their safety and affordability compared to other popular brands.

[ID:76CEA9] Low | Done | Query
September 30, 2019
Maria first reached out for a triage consultation, but was too shy to continue.
